

EDCTP-CSA-Ebola-337 ENDORSE “Enhancing individual and institutional infectious Disease Outbreaks Response capacities of healthcare professionals to mitigate infectious Emergencies in the Northern Uganda region”

ENDORSE Train the Trainers (T-t-T) Course - Phase 1

24-29 APRIL 2017, ST. MARY’S HOSPITAL LACOR, GULU (UGANDA)

REFLECTION ON SESSION

Please note: this is not a questionnaire that you need to fully complete - perhaps you will feel that you can only respond to one or two of the categories below. This worksheet is simply an opportunity to capture and record your thoughts and feelings about what you have learned during the sessions as you complete them. It is a **personal** reflection, to be retained only by you, and will not be shared with others unless you choose to share anything you have written.

UNDERSTANDING Here are two/three important things I learned from this session.....

ABILITY The methods or skills that I observed or practiced in this session which would be useful in my work, include

EMOTION How I feel right now, at the end of this particular session

QUESTIONS Some questions I have about any of the topics and approaches we were engaged with in this session

EDCTP-CSA-Ebola-337 ENDORSE is implemented by:
